## TAKES PICTURE, THEN GIVES ASSISTANCE

[By Latest Mail]  
PARIS.—M. Briand, the former Premier of France, who was seriously injured in a motor car accident recently, said that he and his companion, M. Willen, were pinned down by the wreckage.  
"I told M. Willen to hurry up and get free," said M. Briand, "and what do you think he did first when he got free?"  
"Instead of trying to get me out, he took his camera, begged me to keep steady, and then took a snapshot of the scene, which he considered historic."

## SUIT DECORATED WITH 72,000 BUTTONS

[By Latest Mail]  
LONDON.—There has been a Costermonger's Donkey Show at the People's Palace in the East End, and some amazing "pearly" costumes were displayed by some of the "costers."  
One man boasted that he had 72,000 buttons sewn on his jacket, trousers, waistcoat and cap. Another claimed to display 60,000 buttons, of which 45,000 were on his coat alone, the work of attaching them having occupied his daughter nine months.  
The Duchess of Albany distributed the prizes. Queen Alexandra's Challenge Cup was won by Bill.

## SUMMER WORK IS ON AT PALAMA SETTLEMENT

With the schools of Honolulu closed for the three months' vacation, and with hundreds of children seeking occupation and amusement to pass away the time from now until they return to their books in September, the Palama Settlement has launched an extensive program of summer activities which will embrace work for both boys and girls.  
To handle the summer work this year, the settlement has secured two new instructors, one being Mrs. Agnes Driver, physical director of Oahu College, who will have charge of the girls; and Jiro Morita, a graduate of the McKinley High School, who will superintend the boys' educational and physical work. Educational and physical classes have been started for both the boys and the girls, and in order to make the system more complete, programs have been arranged which covers the work as carried out weekly and daily.  
The following schedule is that of the week's work for the girls' classes:  
Monday—Visit by Miss Laura Topham in the morning. Senior girls' folk dancing and choral work at half-past seven o'clock in the evening under the direction of Miss Topham and Mrs. Driver.  
Tuesday—Story telling for the smaller girls at ten o'clock in the morning by Miss Topham. Camp cooking from half-past two until half-past three o'clock in the afternoon under the supervision of Mrs. Driver.  
Wednesday—Visits by Miss Topham in the morning. Senior girls' sewing club at half-past two o'clock. Senior girls' swim at half-past seven o'clock in the evening.  
Thursday—Junior girls' swim from half-past two until half-past three o'clock in the afternoon. Neighborhood parties in the club rooms at half-past seven o'clock, alternate weeks.  
Friday—Visit by Miss Topham in the morning. Children's tea party and hour for games and also junior girls' sewing class, at three o'clock in the afternoon.  
Saturday—Tramping and camping by the senior girls, also games and cut-of-door meets.  
Following is the daily program of boys' work:  
9:00-9:30—Gardening.  
9:30-11:30—Playground ball, baseball and miscellaneous games.  
11:30-12:30—Swimming.  
1:30-2:30—Swimming.  
2:30-5:00—Playground ball, baseball, miscellaneous games, games and reading room.  
5:00-5:30—Swimming.

## NEW REPUBLIC CAREFUL OF ITS AVIATOR

Tom Gunn Says He Will Accept Commission Offered in Chinese Army  
Tom Gunn, the daring Chinese aviator who will be the attraction at Lohia next Sunday morning and afternoon, is greatly in demand by the Chinese government, according to letters he has received from the war department of the infant republic. A number of the leading local Chinese citizens have joined with members of the Chinese government in endeavoring to persuade Tom to refrain from taking any more hazardous chances on American soil. On a number of occasions Tom has been offered substantial sums of money, not to fly. For the reason that China desires his services for herself alone. His appearance at Schofield, Sunday, may be his last on American soil.  
The Chinese government, says Tom, will spend more than \$100,000 on aviation during the present year and in the years to follow will spend many hundreds of thousands in the education of the army and navy in aerial navigation.  
Tom is a native of San Francisco having received a thorough American education and when he leaves Honolulu it will be on his first journey to the land of his forebears.  
"I have no doubt but that I will accept the offer made me by the Chinese government," says Tom, "I have refused a number of offers on the mainland in order that I might proceed to China. With funds earned through flights and subscribed by my loyal friends, I have completed three machines of my own design. I will take pleasure in traveling to China and participating in the upbuilding of the new army."  
Tom has been the recipient of the congratulations of the Chinese of Honolulu on account of his successful flights of last Tuesday and there is every indication that China will be well represented at the barracks next Sunday.  
During the recent visit of General Lan Tien Wei to the United States, Tom was the center of attraction of the Chinese army official and his suite. General Lan, who commanded 30,000 troops during the late revolution, took a 30 minute ride with Tom and expressed himself as greatly impressed with the possibility of the aeroplane in warfare in the future.  
Tom will make two flights, for the benefit of the holders of last Sunday's tickets, next Sunday. There will be two special trains leave Honolulu for the Barracks, one at 8:30 a. m. and

## PROMOTERS TO FIGURE WITH EASTERN TEAMS

Providing a favorable answer is received today in reply to the cablegram sent to Charles Comiskey, president of the White Sox baseball club, by the local promotion-committee last Tuesday with regard to games between that team and the New York Giants during their stay in Honolulu en route on a tour of the world, plans for the games and for the reception of the two aggregations will be discussed at the meeting of the promotion organization at 3:30 o'clock this afternoon.  
The first intimation of a game between the White Sox and the Giants during their stay in Honolulu came when word was received that they could be secured to play in this city providing they were guaranteed \$3000. This proposition was immediately taboored by local persons interested, who were aware that the gate receipts of a single game would probably not amount to that much. The promotion committee, however, cabled Comiskey last Tuesday recommending that the White Sox and the Giants remain in Honolulu between boats and play at least four games here. It is believed by the promotion committee that such a plan would net the players a sufficient amount to make it worth while making the stoppage. The answer to the cablegram is expected at any time this afternoon and in case it comes before or during the meeting of the committee, plans will be launched for the games and for the entertainment of the diamond stars.

The civil service commission of the board of health met at Dr. Pratt's office this morning to discuss the proposed regulations governing employees of the department. Information has been received from New York concerning the civil service health system in that state and the local commissioners will now make a study of the new data, with a view to using it as a basis for the system to be inaugurated here. Preparations will now be made for the examinations to which certain classes of health board employees are to be subjected. Not all the employees will be required to take them, some being exempt entirely. Others must be divided into classes and given tests according to the class of work they are required to perform.  
The other at 2 p. m. It will be necessary for those who secured tickets last Sunday to reserve train seats for the coming flights, at the Oahu railroad station.

## COLUMBIA DRY BATTERIES

Many of the big departments at Washington, the Army, the Navy and Isthmian Canal Commission, use "COLUMBIA" No. 2.

Uncle Sam thinks so much of "Columbia" that it is used on all his battleships.

You, too, can enjoy its long life and dependability by saying "Columbia No. 2" to your dealer instead of merely "battery."

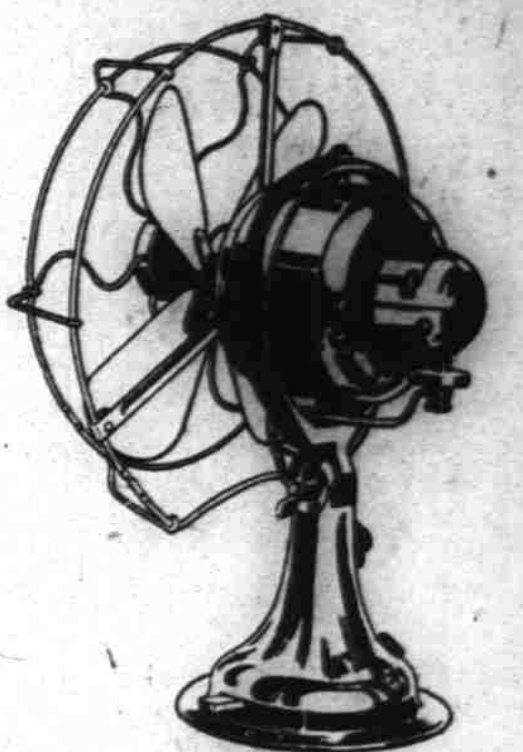

BEST FOR AUTOMOBILE IGNITION.

"COST NO MORE  
—LAST LONGER"

Hawaiian Electric Co.

## Pictures are Deceiving!

But listen! if the original of this picture isn't better looking than this "cut," I'll make you a present of one. (You notice I didn't say one what.) Come in and get cooled off; it costs nothing.

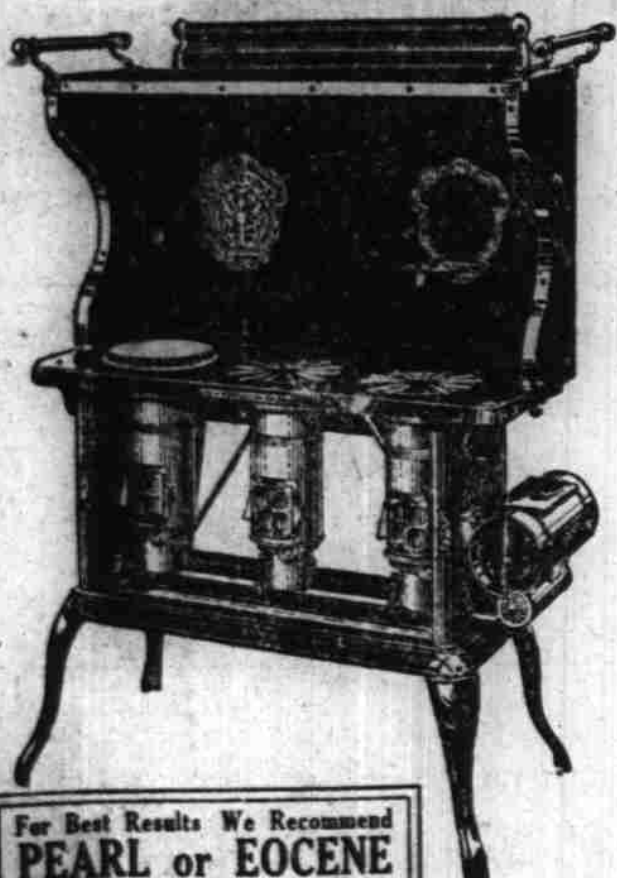

## Electric Shop

WM. GITT, Prop.

1119 Fort St., Above Hotel  
We also do all classes of house and store wiring and repair anything.
